Salts,

I know that this deal looks like a poorly timed request but it was only made to me today and you are getting it as soon as possible. The polls due on the fifth are going to be hard to get with exams but if Graham can let us have until the eighth we can take them the first day of the new term at the dining halls. If you can, get to the heelers' meeting or leave word with Bob or Tom to get the heelers organized tomorrow night and sign a list or something.

As for the other questions concerning the Old Gold poll, perhaps you could enclose a description for the reliant manufacturers of that filtered tip wonder.

Schlager - Lager,

Peter.
